

## More than payments

No matter which payment solution you use, we have products you can add to customize and optimize your business operations.

### Payment gateways

Our flexible payment gateway options give you the ability to authorize payments online, in-store and via mobile. Combined with our payment processing solutions, we provide you with solutions to help manage your growing business.

### Commercial card optimization

Our proprietary program automatically populates the necessary data to qualify your commercial payments for lower interchange fees.

### Credit Card Surcharging

An increasingly popular option, surcharging allows you to partially or completely offset the cost of accepting credit card payment by passing fees<sup>1</sup> to customers who choose this type of payment.

### Security

Our state-of-the-art security solutions combine authentication, encryption, and tokenization technologies to protect cardholder data throughout the transaction cycle.

### Complete payment solutions for every industry, of all sizes

Whether you are an entrepreneur starting out or a business ready to expand, Elavon has the deep expertise and customized solutions for every major industry to help meet your needs.

As our customer, you are also eligible to receive the following benefits:

- › Free statement analysis

<sup>1</sup>Certain state or local laws may restrict or limit the amount of the surcharge percentage. Although we offer surcharging in most states, Merchants are responsible for determining the legality of surcharging in their states, and merchants are liable if their activities are found to be unlawful. Credit card surcharge applies to credit card only, not available on debit cards.
